

# 10MW Photovoltaic Containerized Substation for South Tarawa Power Grid Distribution Station

## Overview

---

Who produces grid-connected electricity in South Tarawa?

Grid-connected electricity in South Tarawa is generated and distributed by the state-owned Public Utilities Board (PUB), established under the Public Utilities Ordinance (1977, and further amended in 2000). The PUB's mission is to commercially provide and maintain quality, reliable electricity, water, and sewerage disposal services to Tarawa.

What is Kiribati integrated energy roadmap?

Government of Kiribati. 2015. Intended Nationally Determined Contribution. International Renewable Energy Agency. 2017. Kiribati Integrated Energy Roadmap: 2017–2025. Includes \$10 million from the ADF 13 thematic pool grant supporting the disaster risk reduction and climate change adaptation strategic area.

How many households in South Tarawa have electricity?

Of the 6,825 households in South Tarawa, 72.4% have access to grid electricity, mainly for lighting. Around 20%–25% of households are headed by women. 10.

What is a containerized mobile substation?

Containerized mobile substations are sheltered and address applications in challenging environmental conditions including areas with high pollution, high humidity, extreme temperatures or sand storms. Containers are easy to transport and fast to install, by reducing foundation works as well as installation and commissioning effort on site.

## 10MW Photovoltaic Containerized Substation for South Tarawa Power

### [SOUTH TARAWA ENERGY STORAGE POWER STATION](#)

South Tarawa RV Energy Storage Battery Does South Tarawa need solar power?Constrained renewable energy development and lack of private sector participation. While grid-connected ...
