

12v10ah battery plus inverter

Overview

What is the maximum working current of a 10AH battery?

The working current of our 10Ah battery is 10A, the maximum can't be more than 15A, because the current is longer than the battery's working current for a long time will damage the battery.

Can a 12V LiFePO4 battery be used on a motorcycle?

12V LiFePO4 battery have no liquid inside. This allows you to safely mount the battery where you want to place it. Please note! Our battery is not a starter battery, it can't be applied to motorcycle, go-kart, generator, lawn mower, trolling motor, jump starter, UPS above 1500VA/1000W, scooter above 24V 350W, etc.

Which battery is suitable for fish finder?

Rechargeable deep cycle maintenance-free LiFePO4 battery, Which is characterized by small size and light weight, Very suitable for fish finder, 10ah capacity can continue to provide a constant source of energy, So you can easily enjoy your fun. Would you like to tell us about a lower price?
