200mw energy storage project in Milan Italy

Overview

Will a 200mw/800mwh battery energy storage system work in Italy?

UK-based Aura Power has announced the final approval for a 200MW/800MWh battery energy storage system (BESS) in Italy, confirming Energy-Storage.news' recent article. A ministerial decree was issued last week confirming the project's earlier approval in January by the regional authority in Campania, as reported by Energy-Storage.news last week.

Is Aura power planning a 200mw/800mwh battery storage project in Italy?

Aura Power has announced the final approval for a 200MW/800MWh battery storage project in Italy, confirming our recent article.

Does Engie have a Bess project in Italy?

Engie already has 50MW of BESS capacity in Italy. Image: Engie. Utility and power firm Engie has acquired two BESS projects from Recurrent Energy in Italy, totalling 200MW of capacity. The two battery energy storage system (BESS) projects are both in Latiano in the southern region of Puglia, and are scheduled to begin construction in 2028.

Where is recurrent energy based in Italy?

The two battery energy storage system (BESS) projects are both in Latiano in the southern region of Puglia, and are scheduled to begin construction in 2028. Recurrent Energy is the project development arm of Canadian Solar, a major manufacturer of PV modules and BESS. Recurrent claims to be one of the largest renewables developers in Italy.
