

3kv solar system

Overview

What is a 3KW Solar System?

3kW solar system is a powerful system that can run household appliances. This solar system is capable to generate 3000W/h electricity. 3kW off grid system is the best fit for those who are looking for a complete sustainable energy solution for home including a battery and an inverter.

How much does a 3KW Solar System cost in India?

3kW Solar System Price is approx. ₹1,80,000 to 2,85,000 in India. This pricing could be vary. We can give you approximate number. An average 3kW solar system generates 12-15 units each day and 4,320-5,400 units annually, according to PV Watts. This saves approximately Rs.84-105 per day and Rs. 30,240-37,800 per year.

How much power does a 3KW Solar System produce?

In short, On average a 3kW solar system will produce about 12kWh of power output per day. which is enough to run most of the basic home appliances like fridge, TV, laptops, AC (for a few hours a day), microwave, LED light bulbs, Fans, etc. The output power production of a solar system will be different from region to region.

Will a 3KW Solar System replace conventional energy?

Both households and businesses are opting for home solar systems in large numbers. Solar is likely to replace conventional energy sources in the near future. A 3kW solar panel system can generate enough power to meet the energy needs of a small house or business. Wonder how much electricity a 3kW solar system produces?
