American outdoor power assembly solar container lithium battery

Overview

Are lithium-ion batteries good for outdoor power equipment?

Lithium-ion batteries for outdoor power equipment require no maintenance and provide robust durability, extending the life of your valuable equipment. At American Battery Solutions, we offer batteries designed to meet your specific needs.

Do you offer low-voltage batteries for outdoor power equipment?

At American Battery Solutions, we offer low-voltage batteries for outdoor power equipment in 48v and 24v battery systems*. These efficient and effective options come in a variety of configurations. What's more, our lithium-ion batteries for outdoor power equipment require no maintenance and provide robust durability, extending the life of your valuable equipment.

What is a 20ft container 250kW 860kwh battery energy storage system?

Equipped with automatic fire detection and alarm systems, the 20FT Container 250kW 860kWh Battery Energy Storage System is the ultimate choice for secure, scalable, and efficient energy storage applications. Email us with any questions or inquiries or use our contact data.

Which battery bank should I choose for the Instant off-grid containers?

Choose between a GEL Deep Cycle Sealed Lead Acid battery bank or a next-gen Lithium Iron bank. See below from more details and pictures. Pre-configured by RPS engineers. 370W solar panels power the Instant Off-Grid Containers. Each panel measures 69.1"×40.9"×1.4".
