

# Amsterdam Generator Container BESS

## Overview

---

Will Eneco optimise a Bess project in the Netherlands?

Eneco will optimise a BESS project in the Netherlands that, at 126.4MWh, will be the largest when it comes online before the end of the year.

When will a Bess project start in the Netherlands?

Ground works underway on the project in late 2024. Image: Bart Sikker / Ventolines via LinkedIn. Utility Eneco will optimise a BESS project in the Netherlands that, at 31.6MW/126.4MWh, will be the country's largest when it comes online before the end of the year.

Who makes the Bess battery?

Conducting the engineering and construction of the BESS is the multinational company, Equans Netherlands. Dutch energy player, Eneco, is tasked with tweaking the battery for optimal performance, enabling it to maintain the grid's balance without escalating local congestion.

What is the largest stand-alone Bess in the Netherlands?

This feat overtakes the 30MW/68MWh project called Pollux by SemperPower, setting a new record for the largest stand-alone BESS in the Netherlands.
