

Atess hybrid inverter factory in Uganda

Overview

What is an ATESS bidirectional battery inverter?

The ATESS bidirectional battery inverter, also known as the power conversion system (PCS), is the core energy management and conversion unit of large-scale energy storage systems.

What are the products offered by a hybrid inverter?

Our product offerings include hybrid inverters, battery inverters, battery solutions, solar charge controllers, bypass cabinets, and rectifiers, providing comprehensive solutions for diverse energy needs. All-in-one hybrid inverter has a power range from 5kW to 150kW.

How many kW can a hybrid inverter support?

Supporting up to 1200kW system capacity. All-in-one hybrid inverter has a power range from 5kW to 150kW. This integrated solar hybrid inverter integrates photovoltaic, energy storage and grid management, providing reliable backup power, achieving energy independence and having strong grid support capabilities.

What is a 30kW hybrid solar inverter?

Business District: The 30kw hybrid solar inverter is perfect for small to medium businesses, such as hotels and retail stores, reducing peak demand charges and providing backup power.
