

# Base Station Battery Company

## Overview

---

Who is battery station?

Battery Station was established in May 2003 providing high quality batteries to the TV & Film Industry. Over the following years, the business diversified into the supply of batteries to companies ranging from privately owned companies, PLCs and public sector.

What is battery management system?

Battery management system used in the field of industrial and commercial energy storage.

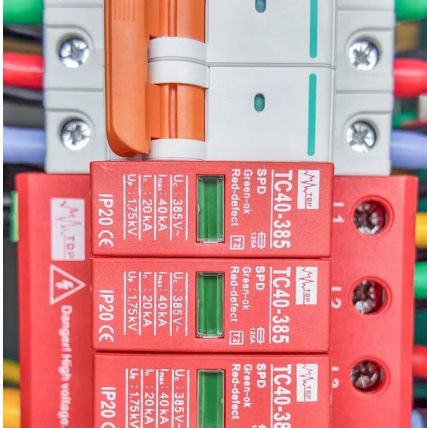

How do we ensure the safety and reliability of battery products?

From core chip selection to system-level architecture, we guarantee the safety and reliability of battery products in an all-round and real-time manner. Through multi-branch design, we fully and fully monitor battery voltage, power, temperature, communication and other states to ensure the normal operation of the power system.
