What is reset Breakers?

In Among Us Airship Map, 'Reset Breakers' is a new task in the Electrical category. It's considered a long task, but it takes place in a single location rather than several across the map. To complete this task, players must pull a lever on a set of seven breakers in the order of the numbers that appear at the top of the switch. This will reset the breakers.

How long does it take a circuit breaker to reset?

Play nice: no religion, no politics and no axe grinding please. So the other night a circuit breaker serving about half of our sockets tripped. It can be reset, but will trip again in between 10 secs and 10 mins (appears rather random) even with everything disconnected from the sockets.
