

Central Asia Wind Power Storage Group

Overview

What is China-Central Asia Energy Cooperation?

China-Central Asia energy cooperation now spans beyond energy security to support broader sustainable development and a low-carbon future. Emerging areas of collaboration now include energy conservation, environmental protection, green agriculture, and clean and renewable energy.

What is Uzbekistan's First Energy Storage Project?

Installed with Sungrow's cutting-edge liquid-cooled ESS PowerTitan 2.0, this facility marks Uzbekistan's first energy storage project and stands as the largest of its kind in Central Asia. The project will play a pivotal role in driving the region's energy transition forward and setting a sustainable precedent.

What is the Akmola wind power cluster?

This is the Akmola wind power cluster, a project built and invested in by a Chinese company. As the latest outcome of China-Kazakhstan green energy cooperation under the Belt and Road Initiative (BRI), the project is managed by a local energy investment company under China's State Power Investment Corporation.

What did China Energy Construction & Overseas Investment Co do?

During the summit, China Energy Construction Overseas Investment Co signed a power purchase deal for a 300MWac solar-plus-storage project in Kazakhstan's Turkistan Region, a shareholder agreement for a 500MW wind-plus-storage project in Karaganda Region, and a memorandum of understanding on hydrogen energy research and innovation in Central Asia.

Central Asia Wind Power Storage Group

Major Energy Storage Project in Central Asia Connected to Grid

Uzbekistan's Tashkent Solar Energy Storage Project, the largest electrochemical energy storage facility in Central Asia, was successfully connected to the grid on December 5.
