

Copenhagen solar power generation and energy storage manufacturers

Overview

Who is Danish renewables?

Danish Renewables is a sustainable energy company founded in 2017 by founder Esben Christensen in Copenhagen, Denmark, with a primary focus on the solar and wind energy sectors.

Who is European energy?

European Energy is a developer of renewable energy projects and provider of green energy storage solutions based in Soborg, Denmark. The company was founded in 2004 by Knud Erik Andersen and Mikael D. Pedersen. The company focuses on developing, financing and investing in wind and solar farms and large-scale green energy storage projects.

Where is Nordic solar launching its first battery energy storage system?

Yesterday, Nordic Solar officially inaugurated its first battery energy storage system (BESS) park in Denmark. The facility, located in Borup in the Municipality of Hillerød, marks a great milestone in the company's strategy to integrate battery storage into its portfolio of solar energy projects across Europe.

Who is green hydrogen systems?

Founded in 2007 as a research and development company, Green Hydrogen Systems has gradually commercialized through the development of pressurized alkaline electrolysis technology and listed on NASDAQ in Copenhagen in June 2021. Green Hydrogen currently employs more than 300 people.
