

# Distribution breaker in China in Egypt

## Overview

---

How much does China Export to Egypt in 2023?

By contrast, Chinese exports to Egypt in 2023 included \$4.3 billion of machinery and electronics, as well as substantial quantities of steel, textiles, and plastics. In short, Egypt tends to export raw materials to China and import manufactured goods, which are generally worth more, in return.

Who owns Egypt's new central business district?

In June 2025, the Egyptian government even formally “handed the keys” of the new central business district to C.S.C.E.C. Under this deal, C.S.C.E.C. will now operate, maintain, and manage the district—essentially giving a Chinese state firm responsibility for a strategic urban hub.

How has China impacted Egypt during the 2023 economic crisis?

During the 2023 economic crisis, the China Development Bank and the China-led Asian Infrastructure Investment Bank jointly injected \$1.4 billion into Egypt’s IMF stabilization program. Economic ties have been matched by growing cultural and diplomatic engagement. Tourism between China and Egypt has surged.

How does China influence Egypt's infrastructure?

China’s influence is also evident in other aspects of Egyptian infrastructure. A Chinese-Egyptian consortium has won contracts to build Egypt’s first high-speed rail lines. By mid-2025, Egypt is preparing to launch a 2,000-kilometer network of high-speed and regional trains.
