

# Dominic container generator customization

## Overview

---

What is a containerized generator enclosure?

Our containerized generator enclosures are built to be highly mobile, allowing you to easily transport and relocate your generator equipment as needed. The modular design enables quick assembly and disassembly, making it an excellent choice for temporary power needs or projects requiring frequent relocation.

What is a self-contained generator enclosure?

It utilizes shipping containers or modular structures to create a self-contained environment for generators of various sizes. These enclosures are specifically engineered to provide flexibility, mobility, and durability while ensuring the safe and efficient operation of generator systems.

Who makes gensets for reefer containers?

Corporated with Shanghai CIMC Generating Set Co., Ltd, our team with professionals with nearly 30 years experience of in designing and manufacturing gensets for reefer containers guarantee tight and efficient quality control as well as manufacturing process.

What are MPMC clip-on generator sets for reefer container?

MPMC Clip-on generator sets for Reefer Container are well designed with compact structures with high rates of efficiency and long lifespan for all refrigerated container units in over-the-road transportation, move with the reefer container. Stable Power, Weather Resistance, X-Y-Z Vibration Tests
