

# **Fiji solar energy storage power supply manufacturer**

## Overview

---

Who is solar Fiji?

Solar Fiji is a leading solar company in Fiji, dedicated to providing cutting-edge solar and battery power solutions across the South Pacific. Our expertise lies in designing, supplying, and installing reliable energy systems that deliver lasting value for homes, businesses, and communities.

Why do businesses use solar energy in Fiji?

With on-site solar energy generation in Fiji, businesses can generate their own electricity and become less vulnerable to power outages, grid disruptions, and energy supply constraints. Many organisations in Fiji switch to solar energy as part of their commitment to sustainability and reducing their carbon footprint.

What are the different types of energy solutions in Fiji?

Delivering secure, cost-effective hybrid and utility grade power solutions, for today and the future. Our specialities in Fiji include Solar Energy, Renewable Energy, Hybrid Energy, Distributed Generation, Energy Storage, Off-Grid Energy, Remote Communities, HV, Substations, Grid Connections, Battery Energy Storage Systems (BESS), and Microgrid.

When was the first off-grid solar system installed in Fiji?

In May 2002 Clay Energy commissioned the first off-grid solar base station power system for Vodafone Fiji, which led to the rollout of these power systems to six mobile operators in the region. Clay Energy's first PV grid-connect system (18kW) was installed and commissioned in 2008, being the first in the region.
