Freetown Rural solar Panels

Overview

What is Solar Park Freetown?

Called Solar Park Freetown, the project would provide an extra six megawatts to Sierra Leone's already burgeoning solar power networks. In addition to providing manufacturing jobs to people who need it, Solar Park Freetown will bolster Sierra Leone's shaky central power supplies.

Will Solar Park Freetown bolster Sierra Leone's shaky central power supplies?

In addition to providing manufacturing jobs to people who need it, Solar Park Freetown will bolster Sierra Leone's shaky central power supplies. Much of Freetown's power comes from the Bumbuna Dam, which, according to a 2011 World Bank report, produces less than 20 megawatts of power during the dry season.

Does easy solar work in Sierra Leone & Liberia?

(AP Photos/Abdul Haqq Mahama) Since launching in 2016, Easy Solar has brought solar power to over a million people in Sierra Leone and Liberia, which have a combined population of more than 14 million. The company's network includes agents and shops in all of Sierra Leone's 16 districts and seven of nine counties in Liberia.

What is the largest off-grid solar energy initiative in Sierra Leone?

This milestone project, implemented by Off-Grid Power * (funded by PIDG company, InfraCo Africa) aimed to provide first-time electricity to 6,657 households & businesses in Sierra Leone, making it the largest off-grid solar energy initiative in the country.
