

# Harare rooftop flat solar tile solution

## Overview

---

What is a goodwe solar roof tile?

The GoodWe Sunshine Series is an integrated solar roof tile solution for pitched rooftops to replace traditional solar panels and framework for a sleek, aesthetically-pleasing result, that also maximises your rooftop space for more solar production. The integrated tempered double-glass structure ensures the safety of the roof structure.

What are solar roof tiles?

Unlike traditional solar panels that are mounted on top of a roof, solar roof tiles replace the traditional roofing material itself, offering a seamless design that blends into the structure of your home. This innovative roofing system allows homeowners to enjoy the benefits of solar energy without compromising on aesthetics.

Are solar roof tiles energy efficient?

A solar roof tile on the other hand simply looks like a roof, and is highly efficient. Do solar roof tiles generate as much energy as conventional solar panels?

The FlexSol solar roof tile not only respects the design of the structure it is placed upon, it generates more energy than conventional PV panels.

Are integrated solar roof tiles the next big thing?

These advanced solutions combine roofing and solar technology, offering homeowners an aesthetically pleasing, energy-efficient, and durable way to harness solar power. As demand for sustainable solutions grows, integrated solar roof tiles are set to become the next big thing in residential solar. What Are Integrated Solar Roof Tiles?
