

High quality high quality 240 volt breaker manufacturer

Overview

What is a 240V circuit breaker?

A circuit breaker 240V is also known as a double-pole circuit breaker. It is mainly used to protect a dedicated circuit for high-power appliances such as electric ranges, air conditioners, and more. This breaker is rated chiefly from 20 to 60 amps. Since a 240V breaker is as big as two 120v breakers, it takes up two places in a load center.

Who is circuit breaker wholesale?

Circuit Breaker Wholesale (CBW) is US-based and works as a top supplier of new and reconditioned circuit breakers. Back in 2003, this company became popular for offering affordable answers that did not necessarily compromise quality. Finding solutions for the smallest range of specific electrical needs easily.

What makes a good circuit breaker manufacturer?

A manufacturer with proven expertise will be able to provide solutions for specific needs. A good manufacturer offers options for different applications—whether it's residential, commercial, or industrial. For instance, Siemens provides a variety of circuit breakers, from compact models to industrial-grade solutions.

What are the best commercial circuit breakers?

Cutler-Hammer Series (CH & BR): The benchmark for residential and light commercial circuit breakers in North America. Advanced Safety Breakers: A market leader in Arc Fault (AFCI) and Ground Fault (GFCI) combination breakers. A French industrial group, Legrand is a global specialist in electrical and digital building infrastructures.
