

# How much does an uninterruptible power supply cost in Afghanistan

## Overview

---

What is the price of electricity in Afghanistan?

Afghanistan, September 2022: The price of electricity is 0.043 U.S. Dollar per kWh for households and 0.000 U.S. Dollar for businesses which includes all components of the electricity bill such as the cost of power, distribution and taxes.

Should you invest in an uninterruptible power supply (UPS)?

When considering the investment in an uninterruptible power supply (UPS), it's crucial to evaluate UPS price points meticulously. The market offers a range of UPS solutions catering to diverse business needs and budgets.

Does Afghanistan still have electricity?

In addition to the financial crisis, over 75% of Afghanistan's electricity is still supplied by the neighboring countries-Central Asia and Iran. The utility cannot pay the regional power suppliers due to the current sanction on the country's banking system.

Will neighboring countries cut the power supply to Afghanistan?

The risk that the neighboring countries may cut the power supply to Afghanistan is imminent. If this happens, it will deepen the current crisis and lead to a collapse of almost all remaining public services.
