

San Diego electrochemical new energy storage company

Overview

How much battery storage does SDG&E have?

SDG&E's utility-owned battery storage portfolio is expected to reach nearly 480 MW of power capacity and over 1.9 GWh of energy storage by year-end, including the Westside Canal expansion and two additional projects in San Diego County currently being constructed.

Will 131 MW energy storage facility be fully operational by June 2025?

This expansion project will add 100 megawatts (MW) of energy storage capacity to the existing 131 MW facility and is projected to be fully operational by June 2025. This expansion project will add 100 megawatts (MW) of energy storage capacity to the existing 131 MW facility.

Is SDG&E a good company?

SDG&E is a recognized leader in its industry and community, as demonstrated by being named Corporate Partner of the Year at the San Diego Business Journal's Nonprofit & Corporate Citizenship Awards and receiving PA Consulting's ReliabilityOne ® Award for Outstanding Reliability Performance for 18 consecutive years.
