

Serbia Liquid Flow Energy Storage Power Station

Overview

Why is Bistrica a key power supply facility for Serbia?

She argued they would secure a more stable electricity supply and improve the balancing of the power system. Bistrica, in her view, will be a key electricity supply facility for Serbia to integrate new clean energy capacities and improve the balancing of intermittent energy sources.

Are Japanese companies ready to collaborate with Serbian energy companies?

Japanese companies are ready to share knowledge and experience with Serbian energy companies in building renewables, balancing and storage facilities, which is nowadays of great importance for energy systems, Imamura asserted.
