

Slim Solar Light

Overview

Why should you buy a slim solar+?

Quiet, comfortable, beautiful. In stock. Ready to ship Powered by light. Any light. Sometimes we all need a ray of light to inspire us. Signature Slim Solar+ is powered by solar and artificial light sources for zero-hassle wireless typing and instant productivity. Effortless. Magic. Watch your home workspace enjoy its very own glow-up.

What is signature slim solar+?

Powered by light. Any light. Sometimes we all need a ray of light to inspire us. Signature Slim Solar+ is powered by solar and artificial light sources for zero-hassle wireless typing and instant productivity. Effortless. Magic. Watch your home workspace enjoy its very own glow-up. Work, chat and anything else with a lighter footprint.

What is the Logitech signature slim solar+ wireless keyboard?

Experience uninterrupted typing with the Logitech Signature Slim Solar+ wireless keyboard. Powered by solar and artificial light, featuring customizable keys, long-lasting battery, and Bluetooth connectivity.

Does signature slim solar+ use plastic?

The plastic parts in Signature Slim Solar+ include certified post consumer recycled material - 70% for Graphite** - to give a second life to end-of-life plastic from old consumers electronics and help reduce our carbon footprint. ** Excludes plastic in printed wiring assembly (PWA), and packaging. Did you know producing aluminum is energy-intensive?
