Solar container communication station wind power outdoor power station installation

Overview

Can a containerized Solar System be installed off-grid?

Off-Grid Installer have the answer with a containerized solar system from 3 kw up wards. Systems are fitted in new fully fitted containers either 20 or 40 foot depending on the size required.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container?

Deploy power in hoursPerfect for remote locations, construction sites, events, and emergency response situations. Our solar containers ensure fast deployment, scalability, customization, cost savings, reliability, and sustainability for efficient energy anywhere.

Where are solar power plants made?

Headquartered in Shanghai with 50,000+ production bases across Jiangsu, Zhejiang, and Guangzhou, the company employs 1,000+ professionals, including 20+ engineers driving energy storage technology. ISO/TUV/CE-certified units deliver rapid-deploy solar power for off-grid, emergency, and mobile applications, reducing emissions by 70% vs diesel.
