

The better solar panel manufacturers

Overview

Who is the best solar panel manufacturer?

The top global solar panel manufacturers, based on how many they ship, include JinkoSolar, JA Solar, Trina Solar, and LONGi. However, the best manufacturer for your solar project will depend more on whether their products suit your budget, needs, and lifestyle.

Why should you choose the best solar panel brands?

With the growing demand for renewable energy, solar panel brands have become an essential investment for homeowners, businesses, and industries. Choosing the best solar panel brands ensures high efficiency, durability, and long-term savings. With multiple brands available in the market, making the right choice can be challenging.

Who is the world's largest solar panel manufacturer?

With over 300 GW of solar modules sold to date, JinkoSolar has been the world's largest solar panel manufacturer for five consecutive years, thanks in part to its vertically integrated production capacity, spanning from wafers to modules. Following closely are LONGi Green Energy and JA Solar, ranked second and third respectively.

Which country makes the most solar panels in the world?

Asia remains the dominant player in solar panel manufacturing, occupying all the top spots. This insight comes from Wood Mackenzie's report, "Global Solar Module Manufacturer Ranking H1 2024", which analyzes over 38 solar module manufacturers from 11 countries.
