

# Uninterruptible power supply solar container30KVA specifications

## Overview

---

What is a 3kva uninterruptible power supply?

3kVA uninterruptible power supplies are designed to power loads up to 3kVA but the kilo-Watt loading will depend on the UPS output power factor. Typical loads for a 3kVA UPS include file servers, storage devices IT networks and VoIP telecoms systems.

What is a 30 kVA ups?

This is an exceptionally easy to install, operate, maintain, and service 30 kVA UPS. Includes dust filter and conformance-coated boards for harsh environments. This UPS is supplied without batteries, so you can easily customize the battery solution. Ideal for small and medium businesses.

What is a 3 phase UPS?

High-efficiency 3-phase UPS that features advanced product features, competitive specifications, and robust electrical design, making business continuity easy in the data center or electrical room. This is an exceptionally easy to install, operate, maintain, and service 30 kVA UPS, ideal for small and medium businesses.

## Uninterruptible power supply solar container30KVA specifications

### E3SUPS30KH

High-efficiency 3-phase UPS that features advanced product features, competitive specifications, and robust electrical design, making business continuity easy in the data center or electrical ...
