

Uzbekistan mobile generator power station

Overview

Who is the O&M contractor in Uzbekistan?

NOMAC Maintenance Energy Services is the main O&M Contractor appointed for O&M support under the Project Company. The Government of Uzbekistan commissioned the solar resource assessment in March 2023, and the study was undertaken by The Project Developer.

Why is Uzbekistan growing so fast?

Uzbekistan is amongst the fastest growing economies in the Central Asian region, with an increasing demand for energy. By 2018, the country's power consumption reached 50 million TWh, and the domestic demand for power has been projected to rise at an annual rate of 4%, due to continued population growth and industrial expansion.

Where is PV plant located in Tashkent?

The PV plant site is located along the 4R-12 district highway, which links feeder roads within the districts of Yukorichirchik, Parkent and Kibray to the ring road along the outskirts of Tashkent City. The single carriageway is paved and in good condition.

What does PPA stand for in Uzbekistan?

cultural heritage exploration area south-west of the site. On 19 March 2023, the National Electric Grid of Uzbekistan (NEGU) JSC executed a Power Purchase Agreement (PPA) with the Project Developer and Project Company. The agreement requires the Project Company to construct the PV power plant, BESS, and underground interconnection powerline.
