Waterproof Folding Container Type for Nigeria

Overview

What are container use areas?

Some of the container usage areas are as follows. They can be used as container house, summer house, winter house, vineyard and highland house for the lands. Also modular container buildings can be used in container villa design and production for more luxurious living spaces.

What is a sanitary container?

Specializing in temporary and permanent structures, we bring your idea to life. Sanitary containers (Wc containers and Shower containers) are sandwich panel modules used in all construction sites and especially in the living bases of companies operating in the construction and mining sectors.

What is a flat pack container?

Flat pack containers are structures that are individually manufactured and packaged separately in the factory environment. When they are delivered to the area they are wanted, container is installed by expert teams.
