Which brand of solar panels is recommended by Onsite Energy

Overview

Which EnergySage solar panel is best?

REC is a longtime favorite among EnergySage shoppers, probably because of its relatively low price per watt and impressive specs. Out of our top brands, REC offers the best bang for your buck: The Alpha Pure 410-watt panel maintains efficiency above 22%, and it has solid 25-year performance and product warranties.

Which REC Solar panels are best?

Out of our top brands, REC offers the best bang for your buck: The Alpha Pure 410-watt panel maintains efficiency above 22%, and it has solid 25-year performance and product warranties. These panels also have one of the lowest temperature coefficients on the market, which means they perform better in hotter temperatures compared to other panels.

Which solar panels are best for 2025?

Let's take a look at each of the brands: Canadian Solar is our #1 pick for 2025. The company has been manufacturing solar panels since 2001, making it one of the oldest brands on our list. Canadian Solar's products are known for their reliability and affordability and are used by solar installers nationwide.

What is the most popular brand in residential solar?

Qcells is the most popular brand in residential solar thanks to quality equipment and pricing. SolarReviews statistics show that 58% of solar installers offered Qcells panels in the past year, but changes in the competitive landscape kept it at the 3rd place spot on our list.
