Which family in Sukhumi installed solar panels

Overview

What is India's first solar powered village?

A woman stands next to solar power panels installed at a government building in Modhera in western Gujarat. The village is India's first solar powered village. Taniya Dutta/ The National.

How many solar panels are installed in Modhera & Sujanpur?

The solar panels are installed on about 1,350 houses in the village, providing round-the-clock electricity. The Sun Temple in Modhera also runs on solar power in the evenings. The solar power plant in Sujanpur, near Modhera, is seen in the background. The 11th-century Sun Temple receives solar-powered electricity every day.

Is solar energy a lifeline in India?

From the hills of Manipur to the farms of Maharashtra and the orchards of Dahanu, solar energy is not just a utility—it's becoming a lifeline. While metros chase sustainability in glossy high-rises, real impact is unfolding in India's villages, where people are using the sun to reclaim control over their lives.

How many families in Velhe taluka have embraced solar power?

In the villages of Gelgani, Ghevande, DhopeKhind, and Chandavne in Velhe Taluka, 395 families now thrive with hydroelectric power. Another 342 families have embraced portable solar solutions, while 208 families in Valni, Maale, Kurudwadi, Kashing, and Shere villages of Mulshi Taluka enjoy the stability of permanent solar installations.
