above one's station.

His ideas were above his station. What does this phrase mean? As I know station also means social position. But I don't quite get the meaning of the sentence.

"Could you tell me where the train station is?" Is it correct?

In BE you don't need to say train/rail/railway. You can just say station, because railway station is what it means by default. If you mean a different kind of station, you would ...
